Annual Report

We are delighted that our Annual Report and Accounts was published at the end of last year.

This report highlights the work that has gone to achieving our mission over the past year. It outlines how we are performing as an organisation, along with the various steps we have taken to improve the way we work.

We hope that the report forms the basis for a positive year ahead as we work towards the national collective endeavour to support survivors to heal from the trauma they have experienced.

Animated Road Map

We have created an 'Animated Road Map' which is available on our website.

The road map is a video which will take those watching through an applicant's journey with Scotland's Redress Scheme.

The video has a voice over which breaks down the process in a simple way for those watching it.

We hope that this new resource will support survivors and organisations when applying to the scheme.
